Civil Contempt Petition No. 57 of 2003

Hon'ble Irshad Hussain, J.

Heard Sri Pankaj Miglani, learned counsel for the petitioner.

This is a contempt petition in view of the order of suspension said to have been passed in relation to the petitioner. Learned counsel submitted that the order is in contravention of the judgment passed in his favour in the writ petition. The mandate is to the effect that the services of the petitioner shall be continued without any artificial break. Suspension is a disciplinary action which does not amount to artificial break in the services. Therefore, prima facie this is not a case of contempt.

Petition is dismissed accordingly.
